

YOUNG LIVING™
ESSENTIAL OILS

Product Price List
Effective April 1, 2015

WELCOME

Welcome, Friends!

The guide you hold represents our two decades of hard work, research, discovery, and unmatched expertise. We are thrilled to celebrate every milestone that has brought us, as a global community, to this landmark anniversary.

You can scarcely imagine a more humble beginning than ours. From what started on a remote farm in Idaho with a homemade pressure cooker distiller, Young Living has grown into the World Leader in Essential Oils®—an international presence with markets and farms around the world. More than our growth, however, this anniversary celebrates a legacy of transforming lives through the power of pure essential oils and our exacting Seed to Seal® process.

Authenticity, sustainability, and efficacy are personal passions for me. The Seed to Seal promise allows us to deliver the pure, authentic essential oils that change lives; and it's why, even after 20 years, Mary and I are still passionate about what we do. For us, 2014 is about nothing less than the promise of true, lasting wellness that each precious drop holds.

If you believe that your family deserves to harvest the benefits of nature's solutions every day, without compromise, we agree. We encourage you to discover how our products can replace harsh chemicals in your home, support your body, reveal your natural radiance, and help you find an oasis of calm in a world of noise.

We believe that life's truest, most lasting solutions are found in nature. After experiencing the Young Living lifestyle and Seed to Seal promise for yourself, we think you will agree.

Sincerely,

D. Gary and Mary Young

We take the stewardship of our planet seriously. Our state-of-the-art production process brings you the purest oils on Earth. We call it Seed to Seal™. It's not a slogan—it's our calling.

Signature

Our promise of purity from **SEED TO SEAL**

OUR EXCLUSIVE SEED TO SEAL® PROCESS INCLUDES FIVE CAREFUL STEPS:

SEED – Potent essential oils come from plant species that have been authenticated by Young Living and industry experts through scientific research, field study, university partnerships, and on-site planting certification. Selecting seeds that produce the highest value is a vital first step in our Seed to Seal process.

CULTIVATE – Young Living’s knowledge of soil preparation, balance of sun and water, responsible weed and pest control, and wild craft harvesting ensure that stringent standards are met, both on our own farms as well as with our carefully monitored partner farms. We continue to conduct research and remain dedicated to growing the highest quality aromatic plants.

DISTILL – Combining ancient and modern techniques, Young Living’s low-pressure steam distillation process ensures that the beneficial plant compounds in each batch of essential oil remain uncompromised. This step is completed at just the right time to ensure all beneficial constituents are present to maximize the quality of the oil. Additionally, we use tree resin hydrodistillation for select oils and cold pressing techniques for most of our citrus essential oils.

TEST – Young Living never accepts diluted, cut, or adulterated essential oils. To guarantee consistent quality, our essential oils are tested in our own internal labs, as well as in third-party facilities, to ensure that they meet demanding specifications, exceed international standards, and contain the optimal levels of natural bioactive molecules.

SEAL – We complete our Seed to Seal process by carefully sealing and inspecting each bottle of essential oil at our 107,000-square-foot state-of-the-art clean-room facility and then shipping to members worldwide. Individual bottle labels are encoded with detailed tracking information that allows Young Living to trace each bottle of essential oil back to its source.

For more detailed information on our Seed to Seal process and global farms, visit [SeedtoSeal.com](https://www.seedtoseal.com).

Young Living Starter Kits

Young Living Starter Kits

Set yourself up for success with our Starter Kits! These introductory kits include cutting-edge business-building materials and more product samples than ever before, making them the perfect introduction to the Young Living opportunity and lifestyle.

NingXia Red®

NingXia Red®

NingXia Red® is a powerful antioxidant drink that contains whole Ningxia wolfberry puree—a super blend of blueberry, aronia, cherry, pomegranate, and plum juices, natural stevia extract, grape seed extract, pure vanilla extract, and orange, yuzu, lemon, and tangerine essential oils. Its health benefits include support from head to toe via a whole-body nutrient infusion.

KidScents®

KidScents® Slique™ Toothpaste

This new formula is an all-natural toothpaste for kids that uses Thieves® and Slique™ Essence essential oil blends to gently clean and protect teeth. This safe, yet effective, blend promotes healthy teeth without the use of fluoride, dyes, synthetic colors, artificial flavors, or preservatives.
